# To Vote the Straight Ticket.

In order to vote the straight Republican ticket place an X at the right of the name Republican at the head of the hallot. In referring to tais matter in our edition of Saturday we inadvertently said that the X should be placed at the left of the name of the party. This was an error. Let every Republican remember that the X must be placed at the right of the name Republican, and he will cast a straight vote for every candidate on the ticket. If the X is placed opposite the name of the candidate for Governor instead of to the right of the name Republican the vote will simply count one for the Giovernor and no other candidate on the ticket.

In connection with this fact, it must be remembered that each year the Republicans have controlled the Legislature since 1878, there has been a coustant reduction of the rate of State tax achieves the Republican shall in 1872, to 33/2 mills in 1892.

In connection with this fact, it must be remembered that each year the Republicans have controlled the Legislature since 1878, there has been a coustant reduction of the rate of State tax achieves the Capital structure of State tax ach year the Republicans have controlled the Legislature since 1892, will in 1892.

taking out a salary of \$1,500 he too turned into the State treasury several thousands of dollars.

The railroad commissioners salaries and clerks' pay have been increased from \$3,000 in 1873 to \$8,000 in 1893, but as these salaries are paid by the railroad corporations and not by the taxes of the people, it would perhaps be fair for Themocratic papers and orators to leave them out, in the interest of the "whole truth," from their attacks upon the Republican party management. In 1878 there were no State Tax Assessors, no State Board of Health, no Bureau of Labor, but innamuch as all these Boards were called for by popular demand, and receive as little compensation as like officers in any State in the Union, in common justice they too might be left out of truskyla accusations.

There have been some additional clerks, porters and laborers employed, over the number employed in 1878. Increase of bus incess, enlargement of State House and consequent increase of labor to be performed in every case, properly accounts for such increase without assigning the cause to be mal administration by the Republican party.

for such increase without assigning the cause to be mal administration by the Republican party.

An additional office seems to have entirely excepted the notice of the Democratic speakers and newspapers, that of private secretary to the Governor, which office was inaugurated in 1882, by a Democratic Governor, and very properly tdo. The pay of the office has been increased and is not more to-day than fair compensation for the time and labor.

Making just allowance for increase of necessary work, the salaries of to-day are no higher in the total than in 1878, and are less than are paid in apy State in the Union for like services, save possibly two. Take a look at the rate of State taxation for twenty years:

"Fanct" at the Overs Hieure The production of "Faust" at the Opera I ouse last night; was an interesting strikwhose supernatural features and spectacular effects have long caused it to make a vivid impression upon the stage. There was a large andlence present and its appreclation was shown by three curtain calls as well as intermediate applause. The scenery was very realistic and the stage effects were numerous and well handled, the square of the Fountains, with the shring of the virgins, the summit of the Brocken Nuremburg prison, and the Apotheonis being particularly brilliant

ceatures of the scenery.

Mr. Morrison, who was to have assumed the role of "Mephisto," is iil in Portland and his part was taken by Mr.W. R.Owen, who did good work, but not such as the fiendish role calls for. Mass Meeting at Time Comp Ground.

A very successful mass meeting was held at the Eina camp ground yesterday afternoon. The meeting was called to order by Mr. J. A. Sanborn, chairman of the town committee, who invited Capt. H. N. Fairbanks, of this city, to preside. On taking the chair Capt Fairbanks expressed his thanks in br ef remarks and introduced Hon. Henry Lord as the first speaker. Mr. Lord occupied about thirty-five minutes discussing the various issues of the campaign and received the earnest attention of the audience. He was followed by Gen. J. R. Hawley of Connecticut, who spoke for something over an hour, devoting himself chiefly to the tariff. Gen Hawley is a forcible and convincing speaker and his remarks were received with warm approval. the beginning of summer, with the sasurance that the dread disease will not appear in that family.

Thousands of mothers have testified to the fact that lacticed food has done what nothing else could do,—saved the lives of their little ones

No better evidence can be offered of its superiority than the many lustances in which fretful, peevish, and sleepless babies, as soon as put upon lactated food, sleep all night and wake up laughing. The happy change, physicians say, is solely due to the superior nourishing and satisfying qualities of this food. It must be borne in mind that lactated food is so inexpensive that it is within the reach of every family.
